To whom it may concern,

On several occasions we have relied on Great Start Ltda to screen and select high caliber staff people for our São Paulo office and we have been very pleased with the way Mrs. Rizzi approaches her task of trying to match the needs of the clients with the profile of the candidates.

We believe that the reason for the success of Great Start Ltda lies on the acute perceptions of Mrs. Rizzi of the human characteristics of the candidates that she recommends to the respective clients.

We recommend her services to any company that really believes that people are their most important asset and therefore insist that the recruiting of personnel be handled by professionals.
